

WELCOME

At the VOIT Automotive GmbH plant

Please observe the AHA rules in risk situations!

There are situations in which the risk of infection with the SARS-CoV-2 coronavirus is particularly high. In order to recognize these situations safely and act accordingly, please follow the AHA rules.

The risk of infection is particularly high whenever many people meet and interact.

In these risk situations, the AHA rules - keep your distance, observe hygiene, wear a face mask - must be observed in particular. Risk situations can be easily recognized by the fact that they belong to one or more of the "Three Gs": enclosed spaces, groups and crowds, and conversations.

EMERGENCIES

In the event of fire or an accident, immediately call the emergency services on 112, inform the foreman and leave the danger zone.

Report

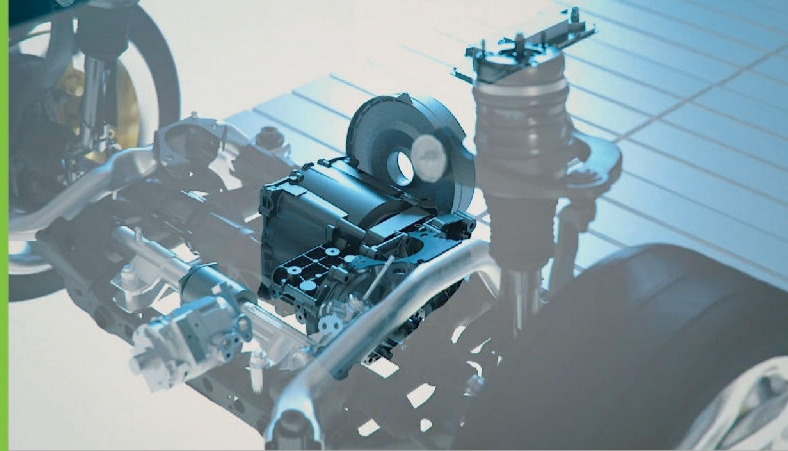

- " WHO reports
- " WHAT happened
- " WHERE did it happen
- " HOW MANY are injured

Provide first aid

- " Securing the scene of the accident
- " Caring for the injured
- " Follow instructions
- " Do not leave injured people alone

Bring to safety

- " Go to the assembly point

YOUR HEALTH IS OUR TOP PRIORITY. POINT.

During your stay, we always endeavor to ensure your safety. Please observe the following safety instructions.

NOTES / RULES

On the factory premises

The instructions / rules apply to the entire company premises, to all employees, customers, suppliers, maintenance and repair companies and other visitors.

When you enter the factory premises, the following rules and prohibitions become binding for you.

In the interests of your and our employees' safety, these must be strictly adhered to.

BASIC RULES

Information, prohibition and mandatory signs must be observed.

The maximum speed on the entire factory premises is 5 km/h. The StVO applies on the entire factory premises.

Forklift trucks and industrial trucks always have right of way!

Visitors, suppliers and other external persons must sign in and out at the registration desk or the administration. Unauthorized persons are not permitted to enter buildings and production facilities on the company premises.

Vehicles may only be parked in the designated areas. Driving on the premises without the express permission of the supervisory staff is not permitted.

There is a ban on alcohol, smoking and open flames on the entire site.

The instructions of our staff must be followed at all times.

Children and young people under the age of 18 are only permitted on the premises in the presence of a supervisor or, if necessary, after prior consultation with and permission from the personnel department or foreman.

Due to the hazards involved, PPE must be worn on the entire factory premises. For reasons of hygiene, please bring your own PPE.

The use of the sanitary facilities requires the express permission of the master/supervisor and is at the user's own risk.

LIABILITY

Entering and driving on the company premises is at your own risk.

No liability is assumed for accidents or other damaging events in the entire area of the company, except in cases of willful misconduct or gross negligence.

The driving and accompanying personnel of customers or suppliers are liable for any damage caused by you; the employers/clients of these personnel may also be liable.

NOTES / EXPLANATIONS

Image and sound recordings are prohibited. The use of cell phones or cameras is prohibited on the entire factory premises.

The StVO and walking speed (5km/h) for vehicles apply throughout the factory premises.

Take particular care with industrial trucks on the mixed traffic routes within the buildings.

Safety goggles, safety shoes and hearing protection must be worn in the various areas.

Access for wearers of pacemakers is prohibited in this area.

Alcohol and drug consumption are prohibited.

Smoking and open flames are prohibited on the entire site.

Observe escape and rescue routes and keep them clear!

Wearing high-visibility vests in production is mandatory!

In an emergency: Leave the building immediately and go to the assembly point. Follow the instructions of the emergency services. Do not re-enter the building **until requested to do so** by the plant fire department. Accidents on the company premises must be reported to plant security.
